

Chalk Talk Room 2

Monday, 7 March 2022 16:30 (60)

- Ana Miladinović | Involvement of nuclear phosphoinositides in regulation of cellular processes
- Lukas Schmitt (Computational design of novel recombinases for genome editing)
- Laura Meißner (Helical Motion and Torque Generation of Microtubule-Crosslinking Kinesin Motors)
- Alvaro Sanchez (The role of Cluh in glucose homeostasis)
- Milica Jelicic (Directed molecular evolution of Vika site-specific recombinase)

Session Classification : Chalk talks
